Nucleus Software announces FY19 Financial Results

With continuous focus on digital, supporting Banks and other Financial Institutions to stay ahead of competitive landscape and accelerate growth

New Delhi, April 24, 2019: <u>Nucleus Software</u>, the leading provider of lending and transaction banking solutions to the global financial services industry, announced its financial results for the financial year ended March 31, 2019.

Consolidated revenue for the fourth quarter of FY 19 is at **Rs. 127.0** crore compared to **Rs 111.0** crore in the corresponding quarter of the previous year. Revenue for FY19 is at **Rs. 484.0** crore, against **Rs. 411.8** crore in FY18.

Commenting on the results, Mr. R P Singh (CEO, Nucleus Software) said, "During the year, we have had growth across all geographies, driven by our market leading value proposition which is resonating with financial institutions around the globe. We have added 19 new customers, won 26 product orders across APAC, India, Africa and The Middle East and also implemented 69 product modules successfully. Our transaction banking solution – FinnAxia – continued to gain solid traction in the International markets. Our cloud lending business reached a significant milestone of 30 customers in the current financial year. With more of our customers embarking on a digital journey, the quality of discussions plus our deal pipeline, we remain confident in our ability to deliver long term value to all our customers".

Financial highlights:

Consolidated results for the Quarter ended 31st March, 2019
